**Mo Millar** is a singer/vocalist born under the smoke of Amsterdam in a family of musicians. Following lots of bands, live experience and projects in Europe and Switzerland, Mo recently joined forces with Peruvian composer, songwriter and guitar man **Nicolas Wetzell Jr.** in order to listen to her inner voice that kept on saying it was time to 'go basic'. She and Wetzell arranged and adapted a 2-hours rich blend of laidback, groovy jazz, pop and soul songs in order to show full advantage of Millar's warm and powerful voice (often compared to Janis Joplin and Joyce Kennedy) as well as Wetzell's rich arrangements, gifted play and backing vocals.

Gratefully:

I dedicate the ***Goin' Basic*** project to unconditional, genuine love. I wholeheartedly thank Nick, for sharing your wonderful talent and love for music with me, my sweet 'mang' and soul mate Lu, for being the inspirational force behind this project, for believing in me and for making me look good, Sarten for your wonderful ears and Chablues for your big heart and smooth ideas. A special word to Jen & Willy: thank you so much for your warmth and wise words; you know... Much love to all!
